

August 3, 2018

To the Board of Directors and Management of  
Anchor Bay Community Foundation:

In planning and performing our audit of the financial statements of Anchor Bay Community Foundation as of and for the year ended December 31, 2017, in accordance with auditing standards generally accepted in the United States of America, we considered Anchor Bay Community Foundation' internal control over financial reporting (internal control) as a basis for designing our auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

This communication is intended solely for the information and use of management, Board of Directors, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

We sincerely appreciated the courtesy and cooperation extended to us throughout the audit by the staff, management and Board Members of the Organization. Should you wish to discuss any of the items noted above, we would be happy to do so at your convenience.

Very truly yours,

*Gordon Advisors, P.C.*
